## National Terrorism Advisory System

# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Normal Operations	Normal Operations	Normal Operations

### Cal OES EMAC Missions

- **2019-CalOES-1927:** California has provided an A-Team to support Oklahoma's adverse weather conditions. The team consists of one Cal OES A-Team member and one CNG A-Team member. Deployment dates are 05/28/19 - 06/12/19. The team will report to Oklahoma's EOC.

### 2019 Measles Outbreak

- Next MHCC situation report: 05/31/19 by 1700 hours.

### 6.6 Magnitude Earthquake, El Salvador – 39 Miles South of Nueva San Salvador, La Libertad

- At 0204 hours, 05/30/19, a 6.6 M earthquake occurred in La Libertad, San Salvador. A Tsunami Information Statement was issued by the National Tsunami Warning Center indicating that there was **NO** risk of Tsunami for the United States West Coast; including California. All California coastal Counties were briefed.

### Cal OES INLAND REGION

- Nothing significant to report.

### Cal OES COASTAL REGION

- Nothing significant to report.

### Cal OES SOUTHERN REGION

### Cedar Springs Dam Event, Hesperia, San Bernardino County

On 05/29/19 at 1744 hours, the California State Warning Center (CSWC) received a report from the California Department of Water Resources (DWR) advising that while performing upgrades and maintenance to the Cedar Springs Dam, an old boring hole was discovered. A wire was protruding from the hole that may be attached to explosives.

- The hole is 20-40 feet from the spillway wall with an estimated hole depth of 4 feet (based on construction records).
- The hole appears to be from the original construction in 1971.
- It is believed that 4-5 sticks of dynamite may still be in the hole.
- San Bernardino County Sheriff's Office is confident the wires and presumed device(s) are construction related.
- DWR will assess the scene for potential impacts. They anticipate proceeding countercharge early next week.
- Prior to countercharge, DWR's Operations & Maintenance office will submit a plan to Division of Safety of Dams (DSOD) to review estimated impacts to the spillway wall and other structures.
- The area has been isolated and 24 hour security is on scene until countercharge is complete

### **Temperatures**

- Above normal temperatures favored statewide

### **Precipitation**

- Equal chance of above or below normal precipitation across the southern portions of the state with below normal precipitation favored across the northern portions of the state

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

- **2019-LAW-1938, 5/29/2019, 1106 hours**, The California State Warning Center (CSWC) was notified by the International Emergency Response Coordination Center (IERCC) of a SPOT SOS device activation on the Pacific Crest Trail (PCT) at 33.148241 -116-511576. IERCC advised the Law Enforcement Duty Officer (LDO) that they had made contact with female hiker who was ill and could not continue, and was requesting rescue. LDO contacted San Diego Sheriff. ASTREA airship responded and airlifted hiker back to her vehicle. **MISSION CLOSED**
- **2019-LAW-1934, 5/28/2019, 0844 hours**, CSWC notified LDO of a request by Tulare Sheriff's Office for a cadaver K-9 to assist with a search for a 16 year old missing on 5/12/2019, along a stretch of the Tule River near Springville, CA. LDO contacted Dr. Ben Ho who is coordinating the request. Search is tentatively scheduled for 6/3/2019. **MISSION ON-GOING**

# Cal OES MISSION TASKING

## Cal OES Missions

- Nothing significant to report.

# *Cal* OES

---

GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
